

Double your Sales Today!

Drive targeted leads to your website

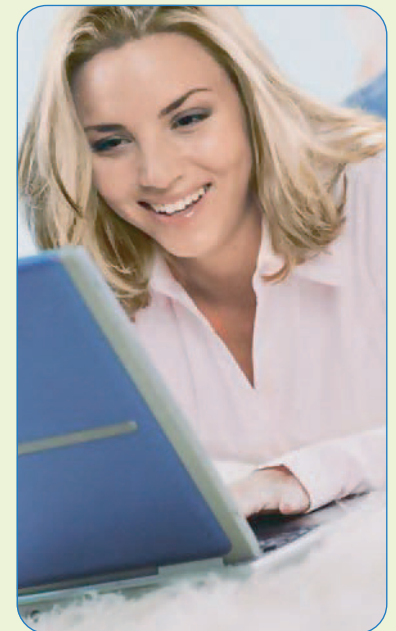

Marketing Mechanics gives your business the opportunity to **reach approximately 90% of active internet users*** and guarantees that your business will receive the top listings in:

Our search engine optimisation service provides an effective way to connect with customers searching for your products and services.

5 easy steps to drive potential customers to your website!

1. Marketing Mechanics researches and develops the most searched and relevant keywords/search terms for your business and provides you with a comprehensive report.
2. You set your monthly budget (we will provide you with options from our report).
3. We develop titles, descriptions and URL's that are tailored for every individual key word.
4. The whole report is then reviewed by search engine optimisation professionals and is uploaded.
5. Start getting results to assist with increasing leads sales!

Included in this service is an update to your website metatags to ensure web crawlers and search engines can find your site fast!

Ongoing Support

Marketing Mechanics can also provide ongoing reports to monitor the progress and position of your campaign.
